

REMARKS/ARGUMENTS

This Amendment cures the lack of proper punctuation at the ends of claims 31 and 32 (a semicolon rather than a period at the end of claim 31, and the lack of period at the end of claim 32). This is a self-evident typographical error that was pointed out by the Examiner. This Amendment does not add new matter and does not raise any substantive issues.

CONCLUSION

Entry of this Amendment is respectfully urged since no additional search is required, no more than a cursory review of the record is needed, and the amendments do not require a substantial amount of work on the part of the Office.

Respectfully submitted,

/David N. Slone, Reg. No. 28,572/
